Professional Summary

Software Developer with a Master of Computer Applications (MCA) and a strong foundation in JavaScript, Java, and Python. Proven track record of building complex, full-stack applications and real-time multiplayer systems using modern frameworks like React.js and Node.js. Passionate about creating seamless user experiences through professional UI/UX design in Figma and high-performance GSAP animations.

Projects

Online Multiplayer Chess Game · null

Invalid Date null - Invalid Date null

[React.js](#) [Socket.io](#) [Node.js](#) [Express](#)

- Created a real-time multiplayer chess game using React Chessboard for the frontend and Socket.io for live gameplay.
- Implemented matchmaking, move synchronization, and player state management without a database.
- Deployed the frontend on Vercel and the backend on Render for smooth user access.

Airbnb Clone · null

Invalid Date null - Invalid Date null

[React.js](#) [Tailwind CSS](#) [Node.js](#) [Express.js](#)

- Rebuilt core Airbnb functionalities including property listing, filtering, booking, and user authentication.
- Developed a responsive and modular frontend using React.js and Tailwind CSS with reusable components.
- Integrated APIs and optimized the UI with skeleton loaders and proper image handling.

Meow Match–OnlineRockPaperScissor Game · null

Invalid Date null - Invalid Date null

[React.js](#) [Socket.io](#) [Node.js](#) [Express.js](#)

- Built an online multiplayer Rock-Paper-Scissors game with animated cat-themed hand gestures.
- Developed game logic, animations, and real-time multiplayer using Socket.io.
- Structured the app into components like Scoreboard, GamePage, StartPage, and LoadingPage.

Campus Dairies · null

Invalid Date null - Invalid Date null

[React.js](#) [Node.js](#) [Express.js](#) [MongoDB](#) [Cloudinary \(Media Storage\)](#)

- Developed a comprehensive social networking application allowing users to upload videos, share posts, and connect with friends.
- Implemented core social features including user profiles, real-time interactions, and a dynamic media feed.
- Optimized video handling and data fetching to ensure a smooth, Instagram-like user experience.

Design & Animation Portfolio · null

Invalid Date null - Invalid Date null

[Figma](#) [GSAP \(GreenSock Animation Platform\)](#)

- Professional UI/UX Design: Expert in Figma, creating high-fidelity prototypes, wireframes, and professional-grade user interfaces for all web projects.
- Advanced Web Animations: Proficient in GSAP (GreenSock Animation Platform) to build high-performance, interactive, and visually engaging frontend experiences with smooth transitions and scroll-based effects.

Education

Master of Computer Applications (MCA) · null · Mangalore University

7.7 · Dec 2023 - Present

Bachelor of Science (B.Sc) · Physics, Mathematics, Computer Science · Government First Grade College Thenkanidiyur

7.35 · Jun 2020 - Aug 2023

Skills

Programming Languages

JavaScript Java Python C/C++

Frameworks & Libraries

React.js Tailwind CSS HTML CSS Figma Node.js Express.js Socket.io WebRTC
GSAP (GreenSock Animation Platform)

Databases

MongoDB SQL
